

After Sales and Service is Key at Avranches

Avranches Automatic based in Cromel, Northern France, are a major international supplier in the Coin Op industry, offering a wide product range of both new and second hand equipment. The company has been successfully importing and distributing the most prestigious brands such as Sega, Namco, Konami, Merit, Stern, Ice and more for over 30 years.

Whilst specialising in the amusement industry, they offer a wide range of products from video games to simulators, pinballs, touchscreens, PC boards, darts, cabinets, football and pool tables, redemption games and many other innovative products.

Avranches Automatic are rightly proud of their highly motivated team of professionals who are dedicated to delivering a quality product to your door. The management team led by Managing Director Murielle Lavole, have a high regard for the importance of After Sales Service and have

consequently set up a very strong technical department, which is recognized worldwide.

Highly qualified technicians and engineers provide not only their best advice and assistance but also repair, maintain and refurbish all models of equipment, from PCB, coin mechs to complete units. Avranches also offer a wide range of spare parts and accessories of all brands.

With a massive storage warehouse facility, the company is confident they can supply and deliver the best product with the highest level of support and service.

Leave ALL the paperwork to Avranches, from arranging the transport and shipping, handling logistics, customs, formalities and administrative aspects ...it is all part of their excellent service!
